GoToTraining Feature Summary

Engagement - Easy-to-use interface and interactive training tools will keep you immersed in course content and help you retain more information.

Mobile Training - You can join training sessions from iPhone, iPad, or Android devices.

Document Collaboration - Collaborate and share handouts, notes, and more, simply and efficiently.

Whiteboard Sharing - Broadcast an image of the whiteboard to attendees and share updates in real time. It's like attendees are standing right there!

Video-Sharing - YouTube and Vimeo videos can be shared with attendees during the session.

Breakouts - Instructors can create and monitor Breakout sessions. Each Breakout can view PDFs, pictures, and videos. Docs such as spreadsheets, drawings, or presentations can be edited. Breakout empowers learners to collaborate with and learn from one another.

Grab Tab – Can hide or expand control panel. It includes options and shortcuts that make attending training easier. It can be customized.

Mic - Ability to mute and unmute

Webcam- Share webcam

Screen - Go full screen and back

Hand Raising - Attendees can signal when they need to ask a question.

Materials – Documents and links in this section are provided by the organizer.

Test, Polls, and Chat - Use to increase interactivity and get immediate feedback.

Attendee List - Know your co-attendees.

Audio - Choose how you want to join the audio portion of the training.

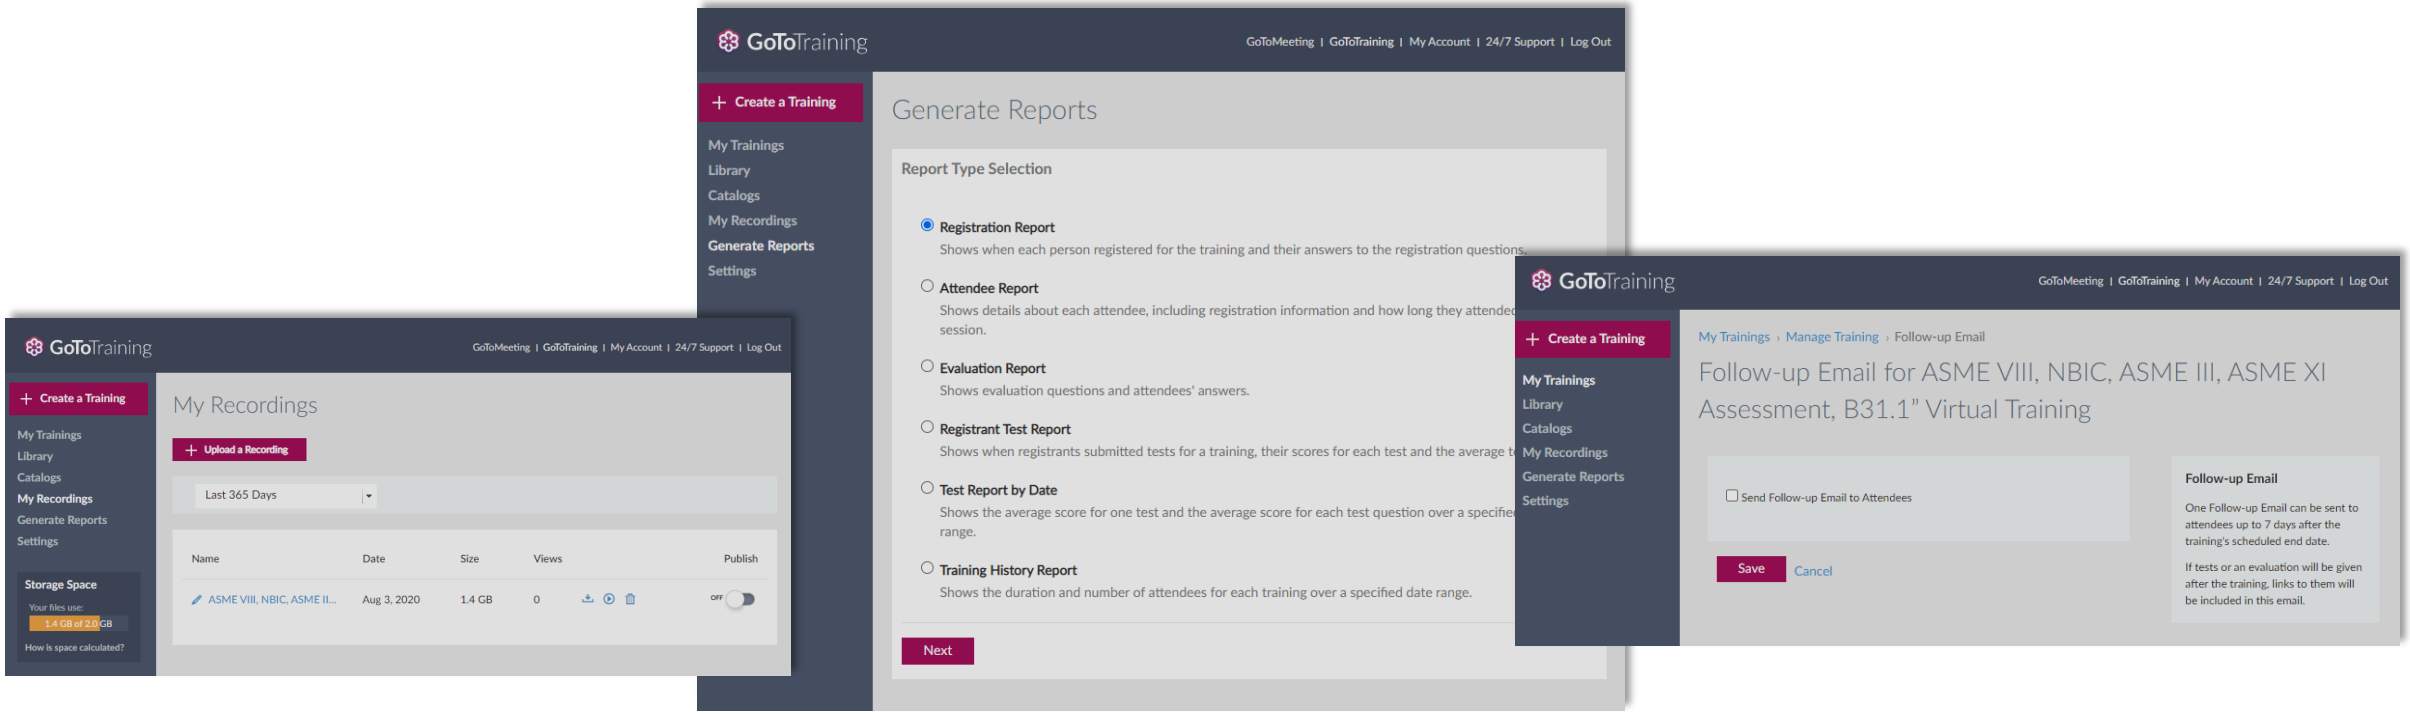
The Value of GoToTraining



Recording

Record training and upload to the cloud for viewing on any device for anyone who may not be able to attend.

Reporting

Detailed reports on session attendance, test results, and evaluations which can be uploaded to your LMS to track progress.

Certificates of Completion

Send emails after training and reward attendees when they finish. Certificates can be logged or used to support verification.
